SSN Releases 2020 Annual Report

MAY 3, 2021

Paola Maynard-Moll

In 2020, COVID-19 laid bare many of the country's deep-seated problems — from economic inequality to racial disparities to a lack of social safety-net support. Despite a year like no other, SSN chapters and members rose to meet the challenges that surfaced. That is why we're delighted to share with you our **2020 Annual Report**.

We hope you will take a moment to explore these success stories and share them. And we would love to hear your thoughts about ways SSN can help scholars and research inform policy in the year ahead.
